

ADVANCE VASCULAR ULTRASONOGRAPHY

4 & 5 June 2026

Collaborators: Department of Vascular Surgery, Faculty of Medicine, School of Health Sciences, University of Thessaly, Larissa, Greece & Department of Vascular Surgery, General Hospital of Nicosia, Cyprus

Programme:

Hours	Date DAY 1
09:30 - 10:00	Registration
10:00 – 10:15	Lecture 1 Introduction, presentation of the programme and faculty Athanasios Giannoukas/ C. Bekos
10:15 – 11:15	Lecture 2 Summary of basic principles of ultrasound and how to avoid pitfalls Dimitrios Kardoulas
11:15 - 11:45	Break - coffee
11:45 – 12:05	Lecture 2 Carotid ultrasonography Triantafyllos Giannakopoulos
12:05 –12:20	Lecture 3 Post EVAR ultrasonography Dimitrios Kardoulas
12:20-12:40	Lecture 4 Peripheral arterial ultrasonography – Below the knee arteries assessment Wassila Taha
12:40 – 13:15	General discussion
13:15 - 14:15	Light Lunch
14:15 - 17:15	Hands-on session 1: vascular ultrasonic examinations on patients with carotid stenosis (1 hour) Triantafyllos Giannakopoulos / Koulla Serghiou Hands-on session 2: vascular ultrasonic examinations on post- EVAR patients (1 hour) Dimitrios Kardoulas / Lefki Michaelidou Hands-on session 3: vascular ultrasonic examinations on patients with peripheral arterial disease (1 hour) Wassila Taha / Maria Loizou
17:15 – 18:15	Wrap up session: Live patient examination (web) from Stony Brook, NY, USA Nicos Labropoulos
20:00	Networking Dinner

ADVANCE VASCULAR ULTRASONOGRAPHY

4 & 5 June 2026

Collaborators: Department of Vascular Surgery, Faculty of Medicine, School of Health Sciences, University of Thessaly, Larissa, Greece & Department of Vascular Surgery, General Hospital of Nicosia, Cyprus

Hours	Date DAY 2
10:00 - 10:10	Lecture 1 Wrap-up of the day 1, introduction for day 2 Christos Bekos/ A. Giannoukas
10:10 – 10:20	Lecture 2 Venous ultrasonography for VTE Anthos Koureas
10:20 – 10:35	Lecture 3 Venous ultrasonography for CVD Christos Kounnos
10:35 – 10:50	Lecture 4 Pre- and Post- thermal ablation assessment Vassileios Saleptsis
10:50 - 11:15	Break- coffee
11:15 – 11:35	Lecture 3 Ultrasonically guided procedures – In theory Christos Karathanos
11:35 – 12:15	General discussion
12:15 - 13:30	Light Lunch
13:30 – 17:00	Hands-on session 1: vascular ultrasonic examinations on real patients with venous pathologies (90 min) Kostas Kapoulas / Anthos Koureas / Koulla Serghiou/ Lefki Michaelidou/ Maria Loizou Hands-on session 2: Ultrasound-guided procedures on models Central venous catheters – Endovenous procedures (laser – radiofrequency ablation – vena seal) (90 min) Christos Karathanos – Vassileios Saleptsis
