

***Optimal Pre-, Intra- and Post-Operative Aortic Imaging - A
Case-Based Approach to Type B Dissection***

4-5 June 2026

Collaborator: NOVA ADVANCED EDUCATION SIMULATION CENTRE -
CARCAVELOS - LISBOA, Portugal

Detailed Programme

DAY 1 – 26th October 2026

- 13h30 – welcome & self-evaluation
- 14h00 – Aortic imaging – what’s special and what’s new?
- 14h20 – Dynamic CTA
- 14h40 – Dynamic MRA
- 15h10 – AI and novel imaging methods for the aorta
- 15h30 – Fusion imaging
- 16h00 – Coffee Break
- 16h30 – CO2 contrast
- 16h50 – IVUS
- 17h10 – Eco-guided vascular access
- 17h30 – Workshops (CO2, IVUS and eco-guided access)
- 19h30 - End of day 1

DAY 2 – 27th October 2026

- 8h30 – 9h30 - briefing / planning our case
- 9h30 – type B dissection OR scenario (2 groups, one operates the second scores)
- 11:00 – 11:15 – Coffee break (continuous)
- 12h30 – 13h30 – debriefing
- 14h00 – Adjournment and evaluation
- 14:15 – 15:15 - Lunch
